

Tips on Registering Your Vaccination Certificates

1. Please note that you must register your vaccination certificates in advance online. If you do not register the certificates in advance, you must show proof of a negative PCR test taken within 72 hours of departure.
2. Based on a previous traveller's experience, when you have completed registration, **PRINT OUT ALL THE INFORMATION**. Everyone else will be fumbling to open their app and show the relevant information. If you have a print out, checking of documentation will probably go much faster.
3. You may notice the mention of your "isolation address" or asking "where you are isolating" (see the image below). While we are not government officials, it is safe to say that the website was not updated to reflect the current regulations and **you do not have to isolate** after arriving in Japan.

2-1 Enter the address of your accommodation for isolation after arriving in Japan (hotel, home, etc.).

* Enter the address of your lodging or destination facility (hotel, etc.). If you will be isolating at home, please enter your address in Japan.

4. You should enter your hotel address as your address in Japan. If you input the seven-digit postal code, and click the button which says "Enter automatically using postal code", almost the entire address will be input for you.

Register Planned Entry/Return

Intended Address in Japan * Required

Postal code
Numerical values only, hyphen not required

If you enter the 7-digit postal code WITHOUT the hyphen and click the button, the address information will automatically be enter

Enter automatically using postal code

-

City *

-

Address *
Uppercase Latin alphabet and numerical values and symbols
E.g. ZZ CHO 1CHOME-2-345
Add text here

Hotel name, place of stay
Uppercase Latin alphabet and numerical values and symbols
E.g. ZZ HOTEL 123

Contact phone number *
Numerical values only, hyphen not required

5. You will have to input what is called the “chome address” which is generally just a number or series of numbers at the beginning of the address in English.

2-1 Enter the address of your accommodation for isolation after arriving in Japan (hotel, home, etc.).
* Enter the address of your lodging or destination facility (hotel, etc.). If you will be isolating at home, please enter your address in Japan.

Postal code (: none)
6040824

Prefecture
KYOTO FU

Municipality (including ordinance-designated cities)
KYOTO SHI NAKAGYO KU

Town
OGIYACHO

Chome address
661

Example : 1-1,1-2-3

Detached house Multiple-dwelling complex (condominium, apartment building, etc.) Lodging or destination facility (hotel, etc.)

6. As a contact number, you can use either the hotel number or use a mobile number that we have set up for use during the Congress (070-4086-1935).
7. You will see a red form written in Japanese as part of the pre-registration for quarantine procedures. This form will be filled in for you, so please do not worry about what you are supposed to do with it!

 **Pre-registration for quarantine procedures** Print

空港検疫係員専用欄/for quarantine use only

滞在先分類 B	ワクチン接種	空港検査/ 入国後待機
滞在国 • アメリカ (ニューヨーク州)		

Quarantine procedures (Fast Track)
You can complete a part of the quarantine procedure on a website before entering Japan. Via e-mail, you will be notified of review results for documents you submit.

Current status **Not yet registered** 赤

8. You will not be able to revise anything until after your passport is scanned. However, if you do need to revise anything, you can do it through the “Questionnaire WEB” section (note: it took me AGES to figure that out!)

Registration procedures

Note: The review of vaccination certificates will be done with a priority on travelers whose scheduled Japan arrival date is within two weeks. Travelers closest to their scheduled arrival date will be reviewed first, so more time may be required to complete others.

Passport	Scanning
Questionnaire WEB	Not yet registered
Vaccination certificate	Not yet registered
Test result certificate for test taken less than 72 hours before departure	Not yet registered

9. Only the following PCR tests are valid see https://www.mhlw.go.jp/stf/covid-19/border_test.html for more information.

Test method is valid only for one of the following.

Nucleic Acid Amplification Test

- PCR (Polymerase Chain Reaction)
- LAMP (Loop-mediated Isothermal Amplification)
- TMA (Transcription Mediated Amplification)
- TRC (Transcription Reverse-transcription Concerted reaction)
- Smart Amp (Smart Amplification process)
- NEAR (Nicking Enzyme Amplification Reaction)
- Next Generation Sequence

Quantitative Antigen Test (CLEIA/ECLIA) *

* Not a qualitative antigen test.

Sample

Sample collection method is valid only for one of the following.

- Nasopharyngeal Swab
- Nasal Swab*
- Saliva
- Nasopharyngeal and Oropharyngeal Swabs

* Nasal Swab is valid when the test method is Nucleic Acid Amplification test.
